

State Conference/Contests Registration

The SkillsUSA Skill Events will be mostly held throughout the state according to the schedule. Registration forms should be copied and passed out to teachers for the registration of their students. Please copy the "Supplemental Contest Rules" on the back of the teacher's registration forms. Please instruct them not to try to register more students than the form permits.

Registration forms will reflect the number of contestants planned for by schools who have notified the State Office, in writing and before the deadline, of their intent to participate.

Individual students must be registered with National SkillsUSA for all National-based contests. Students competing in State-only contests do not need to register with National SkillsUSA (unless they also compete in a National-based contest). Individual students may register for up to one contest each in the following categories of contests:

- (1) National Leadership Development Contest
- (2) National Trade, Industrial, and Technical or Health Occupations Skills Contest
- (3) National Occupationally Related Contest Plus

State-only Manual and/or State-only Contest (see individual State-only requirements and contact the Contest Coordinator to register for all State Contests).

Registrations will be accepted only if accompanied by a check for the full amount, a State of Delaware Purchase Order, or a school payment voucher for the full amount. The charge for skill contests, leadership contests, and manual-based contests will be \$12.00 per student per contest.

A separate notification will come from the SkillsUSA State Office via e-mail as to the specific dates and sites of contests. The initial e-mailings will be updated as new information is available.

The SkillsUSA Awards Ceremony and Reception for National-based Contests, new State Officers, State Lifetime Membership, and State Advisor of the Year will be conducted in April (see schedule) at the Modern Maturity Center, Dover, starting at 5:00 p.m. Awards Ceremony tickets will be sold based on the existing allocation formula. Tickets will be distributed to schools that send in their ticket request and their check/purchase order/payment voucher by the due date. With the exception of awards presenters, all persons wishing to enter the Awards Ceremony Room must show their ticket. Due to logistics, no tickets will be sold at the event.

The Executive Advisors must retain medical permission slips. School medical/permission forms for school field trips may be used for all in-state activities.
