

# **Student Registration Rules**

## **Number of Contests that May be Entered**

One of the purposes of these contests is to encourage students to intensify the learning and practicing of new and existing leadership, technical, and related skills. For this reason, we encourage schools to hold local or school-wide SkillsUSA contests (and school awards ceremonies) to provide this positive influence to as many students as possible. We also promote the “well-rounded student” concept, where students are encouraged to enter other types of contests beyond the technical skills contest for their career area.

When students win 1<sup>st</sup> Place at the State level in any National-based competition, they are eligible to represent Delaware SkillsUSA at the National Leadership and Skills Conference (NLSC). Students may only register for one contest at NLSC. To maximize the number of students that can attend NLSC, State registration in National-based contests is limited to one technical-skills contest, one leadership contest, and one related contest per student. Students who are registered for more than one technical-skills contest, one leadership contest, and one related contest will not be stopped from competing by the State Office; however, they can be disqualified from winning a medal in any or all categories. It is suggested that the school’s electronic registration list be checked carefully to avoid this problem before student registrations are turned in to the State Office.

If a single student receives a State Gold Medal for more than one contest, it is suggested that team membership be considered when deciding which contest the student will choose for NLSC.

Category 1: Technical Skills Contests are listed in the current *SkillsUSA Championships Technical Standards* manual as:

1. Skilled and Technical Sciences Contests\*

Category 2: Non-technical Contests are listed in the current *SkillsUSA Championships Technical Standards* manual as:

1. Leadership Development Contests\*

Category 3: Non-technical Contests are listed in the current *SkillsUSA Championships Technical Standards* manual as:

1. Occupationally Related Contests\*

Each student registered for a National-based competition (contestant or alternate) must be registered with National SkillsUSA.

\*Please refer to the current *SkillsUSA Championships Technical Standards* manual or the Instructor’s Registration Sheets to define the individual contests within these categories.

## DELAWARE SKILLSUSA CHAMPIONSHIP AND LEADERSHIP EVENTS REGISTRATION FORM

<b>ACTION SKILLS</b>		<b>REGISTRATION FEE: \$12.00</b>

*I agree to help these students prepare for this contest and to praise the high quality skills that they showcase to the community at this event. I will respect final results of judging. I understand my responsibility to assist contest officials, as needed, to maintain/improve the quality of the next contest.*

INSTRUCTOR'S SIGNATURE: \_\_\_\_\_

- NOTE 1:** This is a Leadership Contest. Individual students may compete in only one Leadership Contest. Students who compete in more than one Leadership Contest can be disqualified from winning a medal in any or all other Leadership Contests.
- NOTE 2:** Each student registered for a National-based competition (contestant or alternate) must be registered with National SkillsUSA before March 1 of the current school year.
- NOTE 3:** Teachers are responsible for assisting location facilities, judges, and/or coordinators BEFORE skill contests are held. The official policy of Delaware SkillsUSA is that once the contest has been held, the decisions of judges and coordinators are final.
- NOTE 4:** It is the policy of Delaware SkillsUSA that students from a participating school should not travel to a contest in weather-related conditions that have been determined severe enough for officials at a school district to close that participating school. While the school closing and/or postponement remains in effect, students from that school should not travel to a Delaware SkillsUSA contest or conference.

**Instructors: Please review the "Supplemental Contest Rules" on the back of this page.**

- NOTE 1: This is a Technical Skills Contest. Individual students may compete in only one Technical Skills Contest. Students who compete in more than one Technical Skills Contest can be disqualified from winning a medal in any or all of their Technical Skills Contests.
- NOTE 2: Each student registered for a National-based competition (contestant or alternate) must be registered with National SkillsUSA before March 1 of the current school year.
- NOTE 3: Teachers are responsible for assisting location facilities, judges, and/or coordinators BEFORE skill contests are held. The official policy of Delaware SkillsUSA is that once the contest has been held, the decisions of judges and coordinators are final.
- NOTE 4: It is the policy of Delaware SkillsUSA that students from a participating school should not travel to a contest in weather-related conditions that have been determined severe enough for officials at a school district to close that participating school. While the school closing and/or postponement remains in effect, students from that school should not travel to a Delaware SkillsUSA contest or conference.

## DELAWARE SKILLSUSA CHAMPIONSHIP AND LEADERSHIP EVENTS REGISTRATION FORM

<b>JOB SKILL DEMONSTRATION A</b> Students must demonstrate a skill related to the curriculum in their Skilled and Technical Sciences Career Area.		
<b>REGISTRATION FEE: \$12.00</b>		
<b>CONTESTANT'S NAME</b>		<b>ALTERNATE'S NAME</b>
<b>1.</b>		<b>1.</b>
<b>2.</b>		<b>2.</b>
<b>3.</b>		<b>3.</b>

# OF CONTESTANTS \_\_\_\_\_ x \$12.00 = TOTAL DUE THIS PAGE: \$ \_\_\_\_\_

*I agree to help these students prepare for this contest and to praise the high quality skills that they showcase to the community at this event. I will respect final results of judging. I understand my responsibility to assist contest officials, as needed, to maintain/improve the quality of the next contest.*

INSTRUCTOR'S SIGNATURE: \_\_\_\_\_

- NOTE 1:** This is a Leadership Contest. Individual students may compete in only one Leadership Contest. Students who compete in more than one Leadership Contest can be disqualified from winning a medal in any or all of their Leadership Contests.
- NOTE 2:** Each student registered for a National-based competition (contestant or alternate) must be registered with National SkillsUSA before March 1 of the current school year.
- NOTE 3:** Teachers are responsible for assisting location facilities, judges, and/or coordinators BEFORE skill contests are held. The official policy of Delaware SkillsUSA is that once the contest has been held, the decisions of judges and coordinators are final.
- NOTE 4:** It is the policy of Delaware SkillsUSA that students from a participating school should not travel to a contest in weather-related conditions that have been determined severe enough for officials at a school district to close that participating school. While the school closing and/or postponement remains in effect, students from that school should not travel to a Delaware SkillsUSA contest or conference.

**Instructors: Please review the "Supplemental Contest Rules" on the back of this page.**

<b>CONTESTANT'S NAME</b>		<b>REGULAR ALTERNATE'S NAME</b>
Team A #1	Team Member	<b>1.</b>
Team A #2	Team Member	<b>2.</b>
Team A #3	Team Member	<b>3.</b>
Team A #4	Team Member	<b>4.</b>
Team A #5	Team Member	<b>5.</b>
Team A –Designated Alternate	Designated Team Alternate	<b>6.</b>
		Please Note: Only 5 team members can compete at one time. Designated Team Alternates are recommended, but not required.  The Designated Team Alternate can be substituted for any member of that student's team before any round, and one of the Regular Team Members will sit out that round.  Substituted Designated Team Alternates can also be replaced by Regular Team Members before any round begins. The Designated Team Alternate will sit out, but can return for another round later.  Regular Alternates can fill in for any missing team member(s) or Designated Team Alternates, but they must be permanently assigned to a team and cannot switch teams once assigned.  Teachers who wish to view any series of rounds must remain inside the room until all of the rounds in that series are completed by all school teams at the contest.  The National SkillsUSA Conference permits 2 Team Alternates.
Team B #1	Team Member	
Team B #2	Team Member

- NOTE 2:** Each student registered for a National-based competition (contestant or alternate) must be registered with National SkillsUSA before March 1 of the current school year.
- NOTE 3:** Teachers are responsible for assisting location facilities, judges, and/or coordinators BEFORE skill contests are held. The official policy of Delaware SkillsUSA is that once the contest has been held, the decisions of judges and coordinators are final.
- NOTE 4:** It is the policy of Delaware SkillsUSA that students from a participating school should not travel to a contest in weather-related conditions that have been determined severe enough for officials at a school district to close that participating school. While the school closing and/or postponement remains in effect, students from that school should not travel to a Delaware SkillsUSA contest or conference.

**Instructors: Please review the “Supplemental Contest Rules” on the back of this page.**

SCHOOL: \_\_\_\_\_

**NOTE: PLEASE REMEMBER TO  
PUT THE “SUPPLEMENTAL  
CONTEST RULES” ON THE BACK  
OF EVERY CONTEST  
REGISTRATION FORM, BEFORE  
DISTRIBUTION TO TEACHERS.**

**SUPPLEMENTAL CONTEST RULES****Type of Eligible Career Pathways**

To avoid disqualification, competing students must be actively enrolled in a Skilled and Technical Sciences-based career pathway for all contests; AND for Technical Skills contests, students must also be majoring in a specific technical career pathway that lists the technical skills in the contest as part of the occupational objectives. Furthermore, students enrolled in more than one Career and Technical Student Organization (CTSO) cannot compete in the same or similar events for more than one CTSO and will be disqualified from winning or placing.

**National Registration**

All contestants and alternates must be registered by March 1 of the current school year as National Members of SkillsUSA ([www.skillsusa.org](http://www.skillsusa.org)). Any participants who are not registered as National members before the March 1 deadline will be disqualified from winning a Delaware SkillsUSA contest.

**State Registration**

Your Executive Advisor (Student Activities Coordinator) will give you the current deadline date for State Registration. You will not be able to make changes in your registration after the deadline date. You will only be able to substitute registered alternates after the deadline date.

**Alternates**

You are highly advised to register alternates for each contest. This enables you to substitute students on the day of the contest. Alternate substitutions are the only allowable changes that you can make after the registration due date. If you do not register alternates and regular contestants do not report, you will not be able to bring your school's allocated number of students to the contest. There are no additional State registration fees for alternates. You pay only for the number of regular contestants that you have registered.

Do not send alternates to the contest, unless they will be substituting for a contestant. You do not need to notify the State Office in advance. Alternates should check in with the lead or coordinating judge-- giving their name and the name of the contestant that they are replacing.

**Number of Contestants**

The number of contestants has been determined through the contest coordinator and the State SkillsUSA office. This is calculated based on such variables as equipment limitations, space limitations, number of judges, time limitations, and cost of materials. The number of contestant spaces on this registration sheet reflects the agreed upon amount of students who can attend. The number of lunches ordered reflects the number of regular registered contestants.

We ask you to NOT send extra students to the contest. State Office makes no provisions for spectators. Alternates should only attend if substituting for a regular contestant. If you feel that the contest could include more students next year, mention that to the contest coordinator. Only the contest coordinator can contact the State SkillsUSA office before May 30 to have the number of regular contestant spaces on the registration sheet increased for the following year. Due to space limitations, please do not invite parents to view contests.

**Teacher/Adult Chaperone**

State Policy: State SkillsUSA Policy requires that a qualified adult chaperone from your school remain on site to supervise the students from your school. In some contests, the chaperone may not be able to remain in the immediate area of the contest. In that case, the chaperone should wait in the designated waiting area and be available to the judges if needed. The state policy is you must have 1 chaperone for every 10 students.

School/District Policy: Instructors should review their school/district field trip policies prior to the contest. All policies should be followed.

**Permission Forms**

State Policy: State SkillsUSA Policy requires that chaperones bring a current field trip permission form to the contest for each student. You may use your school/district form. These forms should be completely filled out with the appropriate signatures. If you do not have a current and complete permission form for any student, do NOT bring the student.

School/District Policy: Instructors should review their school/district field trip policies prior to the contest. All policies should be followed.

**Safety Equipment Requirements**

Please be sure that all students have all safety equipment needed for the contest. Students may not compete without appropriate safety equipment.

**General Behavior Rules**

Please review your school/district Code of Conduct. This must be followed at all times. Please also review the General Regulations Section from a current copy of the *SkillsUSA Championships Technical Standards*.

**Contest Rules**

Please review your Contest Section from a current copy of the *SkillsUSA Championships Technical Standards*. State Contest Judges will decide which of these guidelines that the contest will follow, but students should know these rules before competing. Judges may also inform you that they have added their own rules to the State Contest. Resumes are not required for most State Contests.

**Contest Results**

The State SkillsUSA Office only requests 1<sup>st</sup>, 2<sup>nd</sup>, and 3<sup>rd</sup> place contestant names from contest coordinators. The State Office does not have the resources to process individual test section scores for students. Please do not ask contest coordinators for specific scoring information.
